

SOLARTECH POWER ARRAY MOUNT SYSTEM

Solartech Power Array Mount is designed as a universal PV module mounting system for open space ground installations. The innovative and patented aluminum base rails, the Z modules and the high digress of pre-assembly eliminate the need for onsite cutting, welding and enables quick and easy field solar panels installations

Features

Installation site: Open Ground Roof Slop: 35°
 Wind load: 60m/s Snow Load: 1.4KN/m²
 Orientation: Vertical or Horizontal Color: Natural
 Support Rail: Extruded aluminum
 Size of Module: Optional
 Standard: AS/NZS 1170 and other International Standard
 Warranty: 10 years durability on material

System Size: 11 KW

System Description:

50 x Solartech Power 220 Watt Modules
 30 x 2400mm Rail
 33 x 2900mm Rail
 20 x End Clamp Kit
 40 x Inter Clamp Kit
 60 x Back leg
 52 x Joint splice

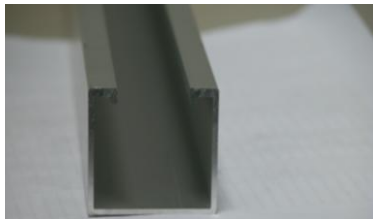

Benefits

Easy Installation
 Diversified Application
 Universal Compatibility
 Choice Quality
 10-year Guarantee
 100% recyclable,
 Environment friendly

Featured Components

Array Rail

Front leg

Back leg

Joint splice
